HOLOBOX SCREEN

A captivating display that projects 3D images appearing to float in space. Easy to set up with plug-and-play functionality, it's perfect for product showcases, education, marketing, and entertainment. Customizable and interactive, it enhances user engagement with tailored content.

HOLOBOX SCREEN

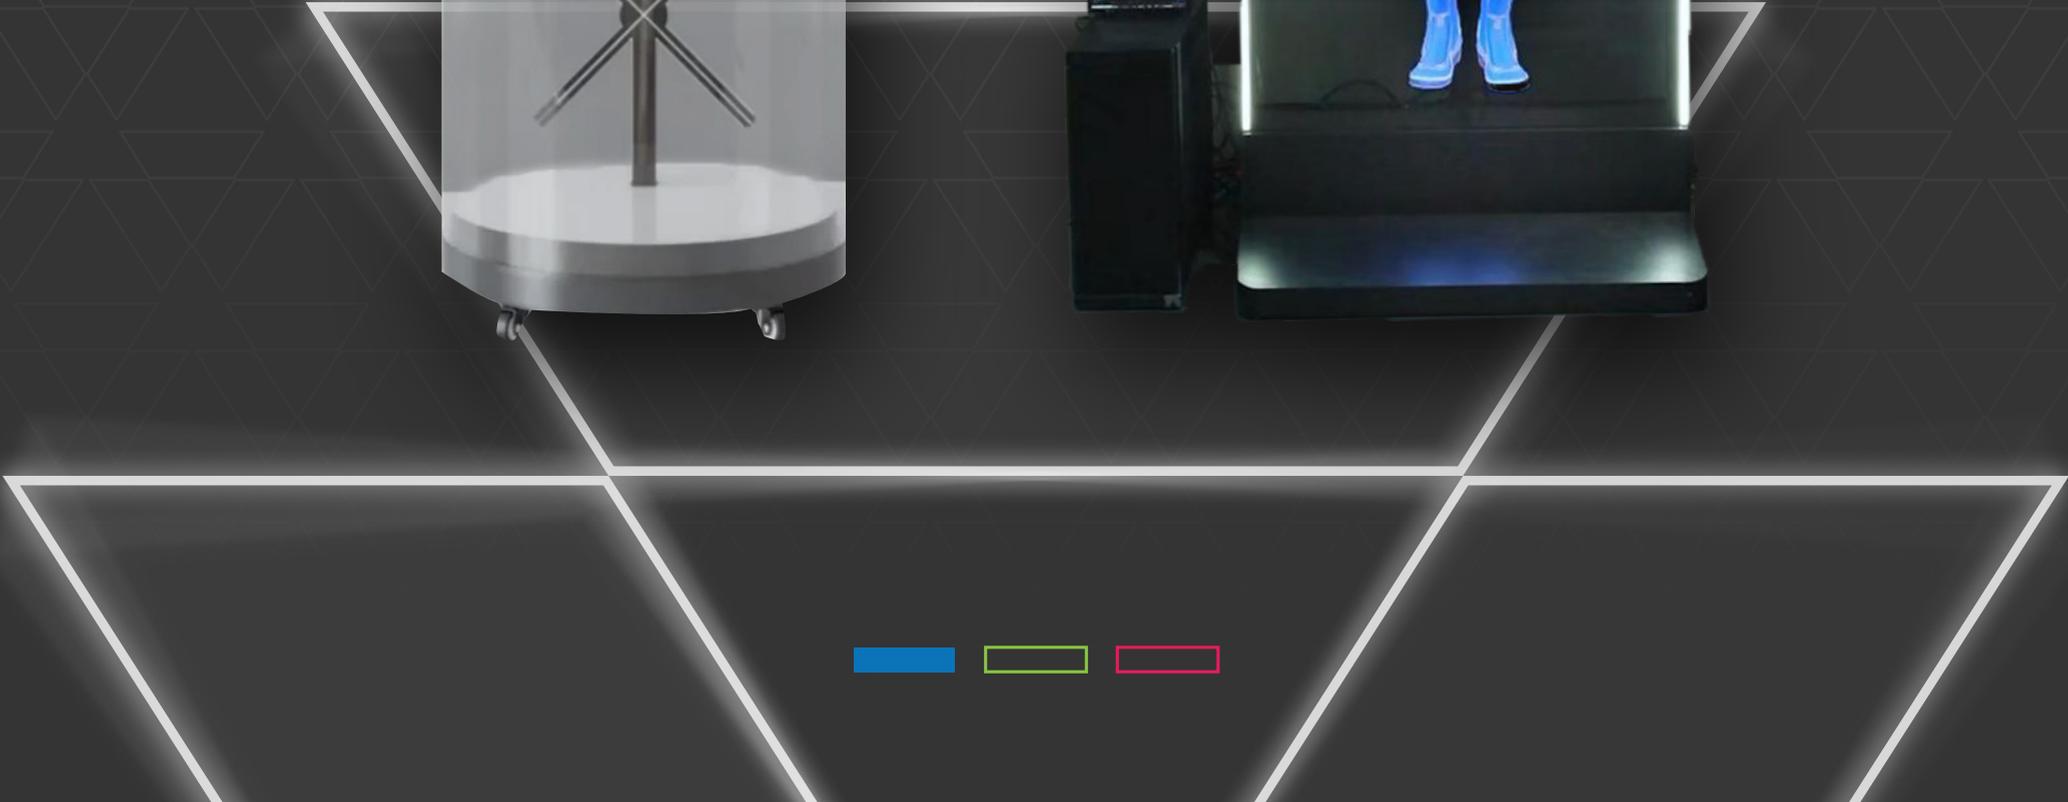

HOLOGRAM FAN

The Circular LED Screen Fan creates immersive 3D holographic visuals with a large, seamless display, ideal for retail spaces, exhibitions, malls, and airports. Durable and transport-ready, it's perfect for product launches and eye-catching signage.

The Box Splicing LED Screen Fan offers a sleek, compact design for vibrant holographic displays. It's ideal for luxury boutiques, indoor advertising, and high-traffic areas like malls and offices. Portable and stylish, it's suited for digital signage, product showcases, and engaging brand advertisements.

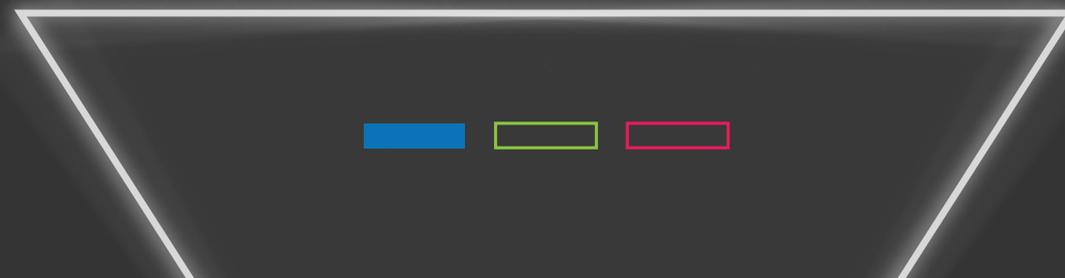

HOLOGRAM FAN

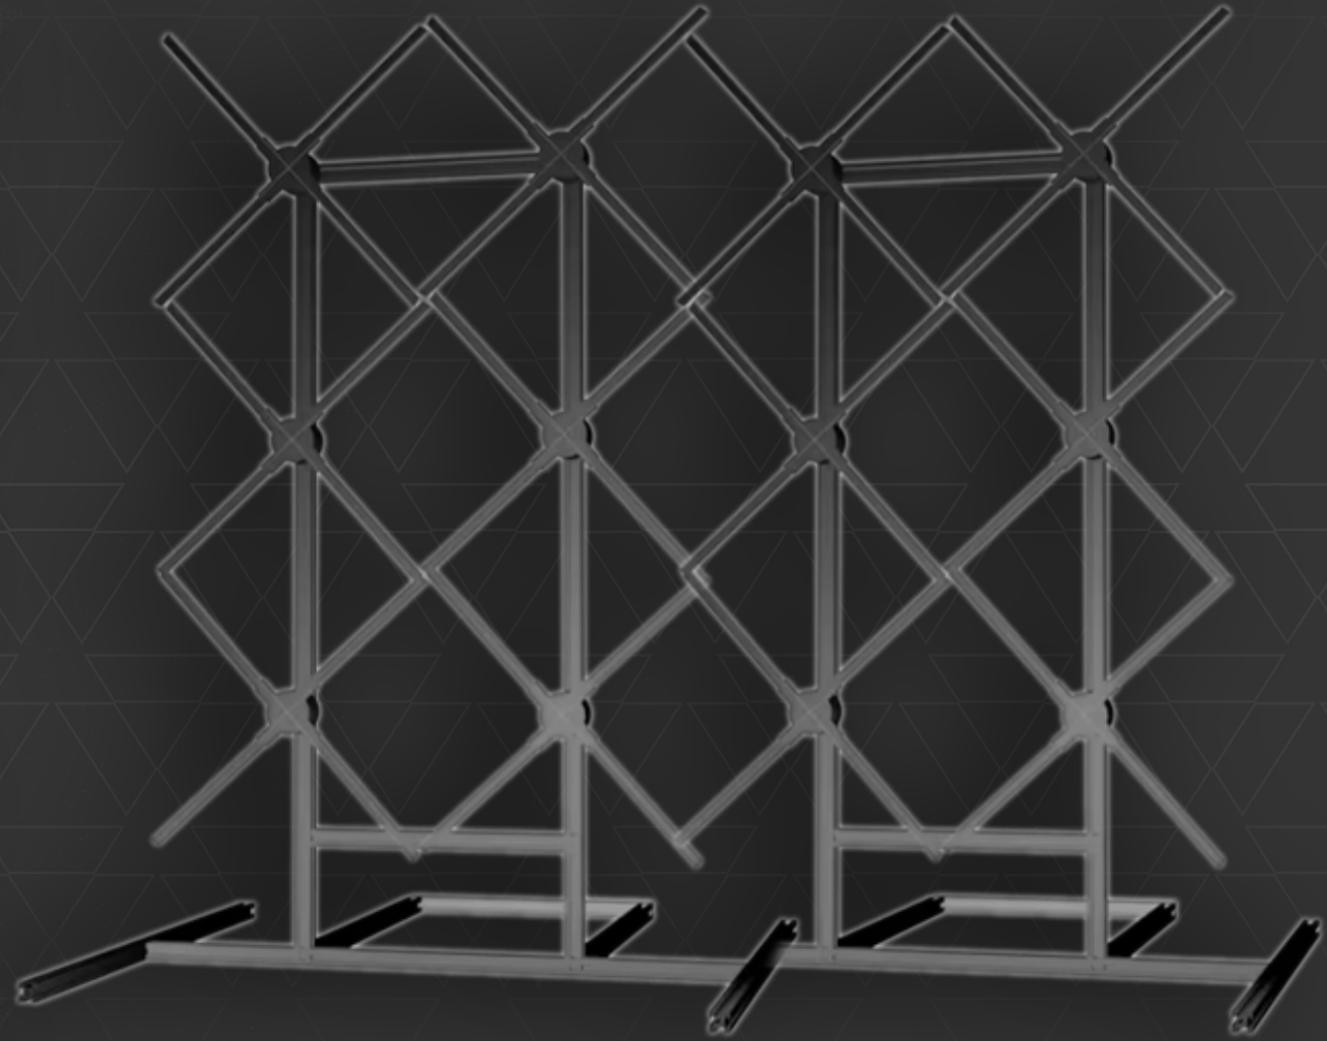

FAN WALL

A grid structure of fans delivering smooth, dynamic visuals. Ideal for retail spaces, exhibitions, entertainment venues, and hospitality, it enhances spaces with futuristic 3D and holographic animations. Perfect for high-footfall areas, it ensures maximum audience engagement with an immersive, attention-grabbing experience

FAN WALL

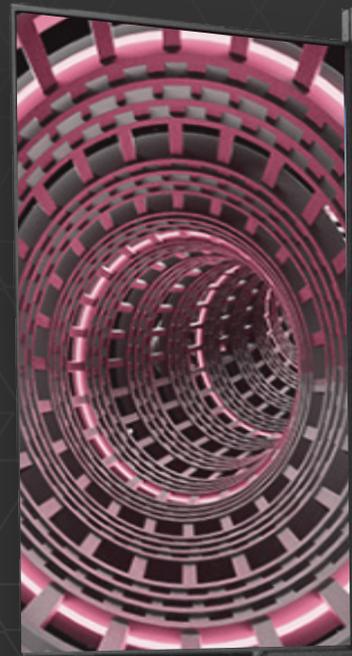

TOTEM SCREENS

Sleek, high-resolution vertical displays ideal for retail, corporate, exhibition, and hospitality use. Durable, interactive, and easy to integrate, perfect for digital signage and event promotions.

TOTEM SCREENS

DOUBLE SIDED SCREEN

FLOOR SCREEN

Durable and robust, this screen is built to handle foot traffic and heavy weights, making it perfect for high-traffic areas. Equipped with sensors, it offers interactive capabilities to boost user engagement. With high-resolution visuals and wide viewing angles, it's ideal for advertising, displays, and creative presentations. Easy to install and maintain, it ensures hassle-free operation.

FLOOR SCREEN

MIRROR CAVE

A visually enchanting display that creates a kaleidoscopic illusion of infinite reflections by blending mirrors with vibrant visuals. Its immersive design transforms any space into a captivating experience, drawing viewers into seamless symmetry. Designed to showcase high-definition, dynamic content that interacts with its mirrored surroundings, it delivers maximum impact. Ideal for events, exhibitions, brand activations, luxury spaces, or immersive art installations, this screen is a true showstopper.

MIRROR CAVE

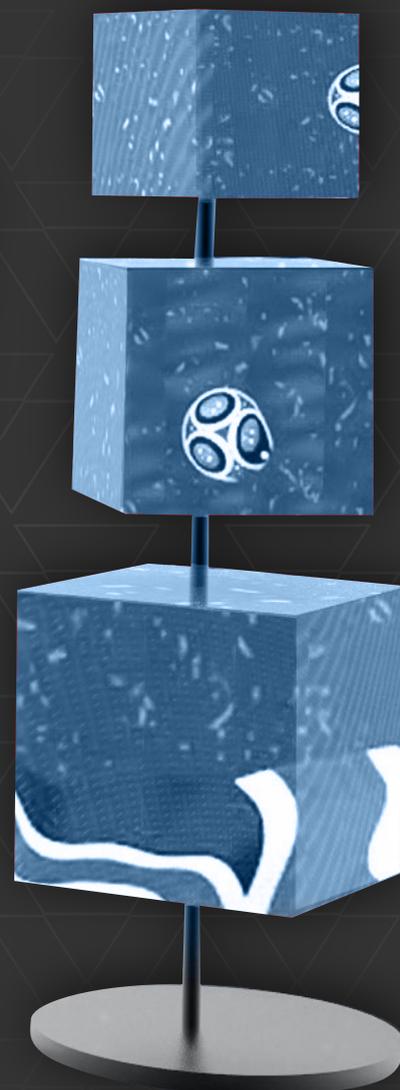

CUBE SCREEN

LED Cube Display is a unique structure that displays graphics or video on 6 faces, evoking a strong emotional response and 100% attraction.

Replace traditional communication with technology to deliver high-impact, high-resolution experiences that convey excellence, professionalism, and thoroughness in any space.

CUBE SCREEN

SPHERE SCREEN

Sphere display is a spherical LED screen with a 360-degree viewing angle and no image distortion that captures attention from all sides with its rotating design.

SPHERE SCREEN

KPOST SCREEN

Replace traditional communication with technology to deliver high-impact, high-resolution experiences that convey excellence, professionalism, and thoroughness in any space.

KPOST SCREEN

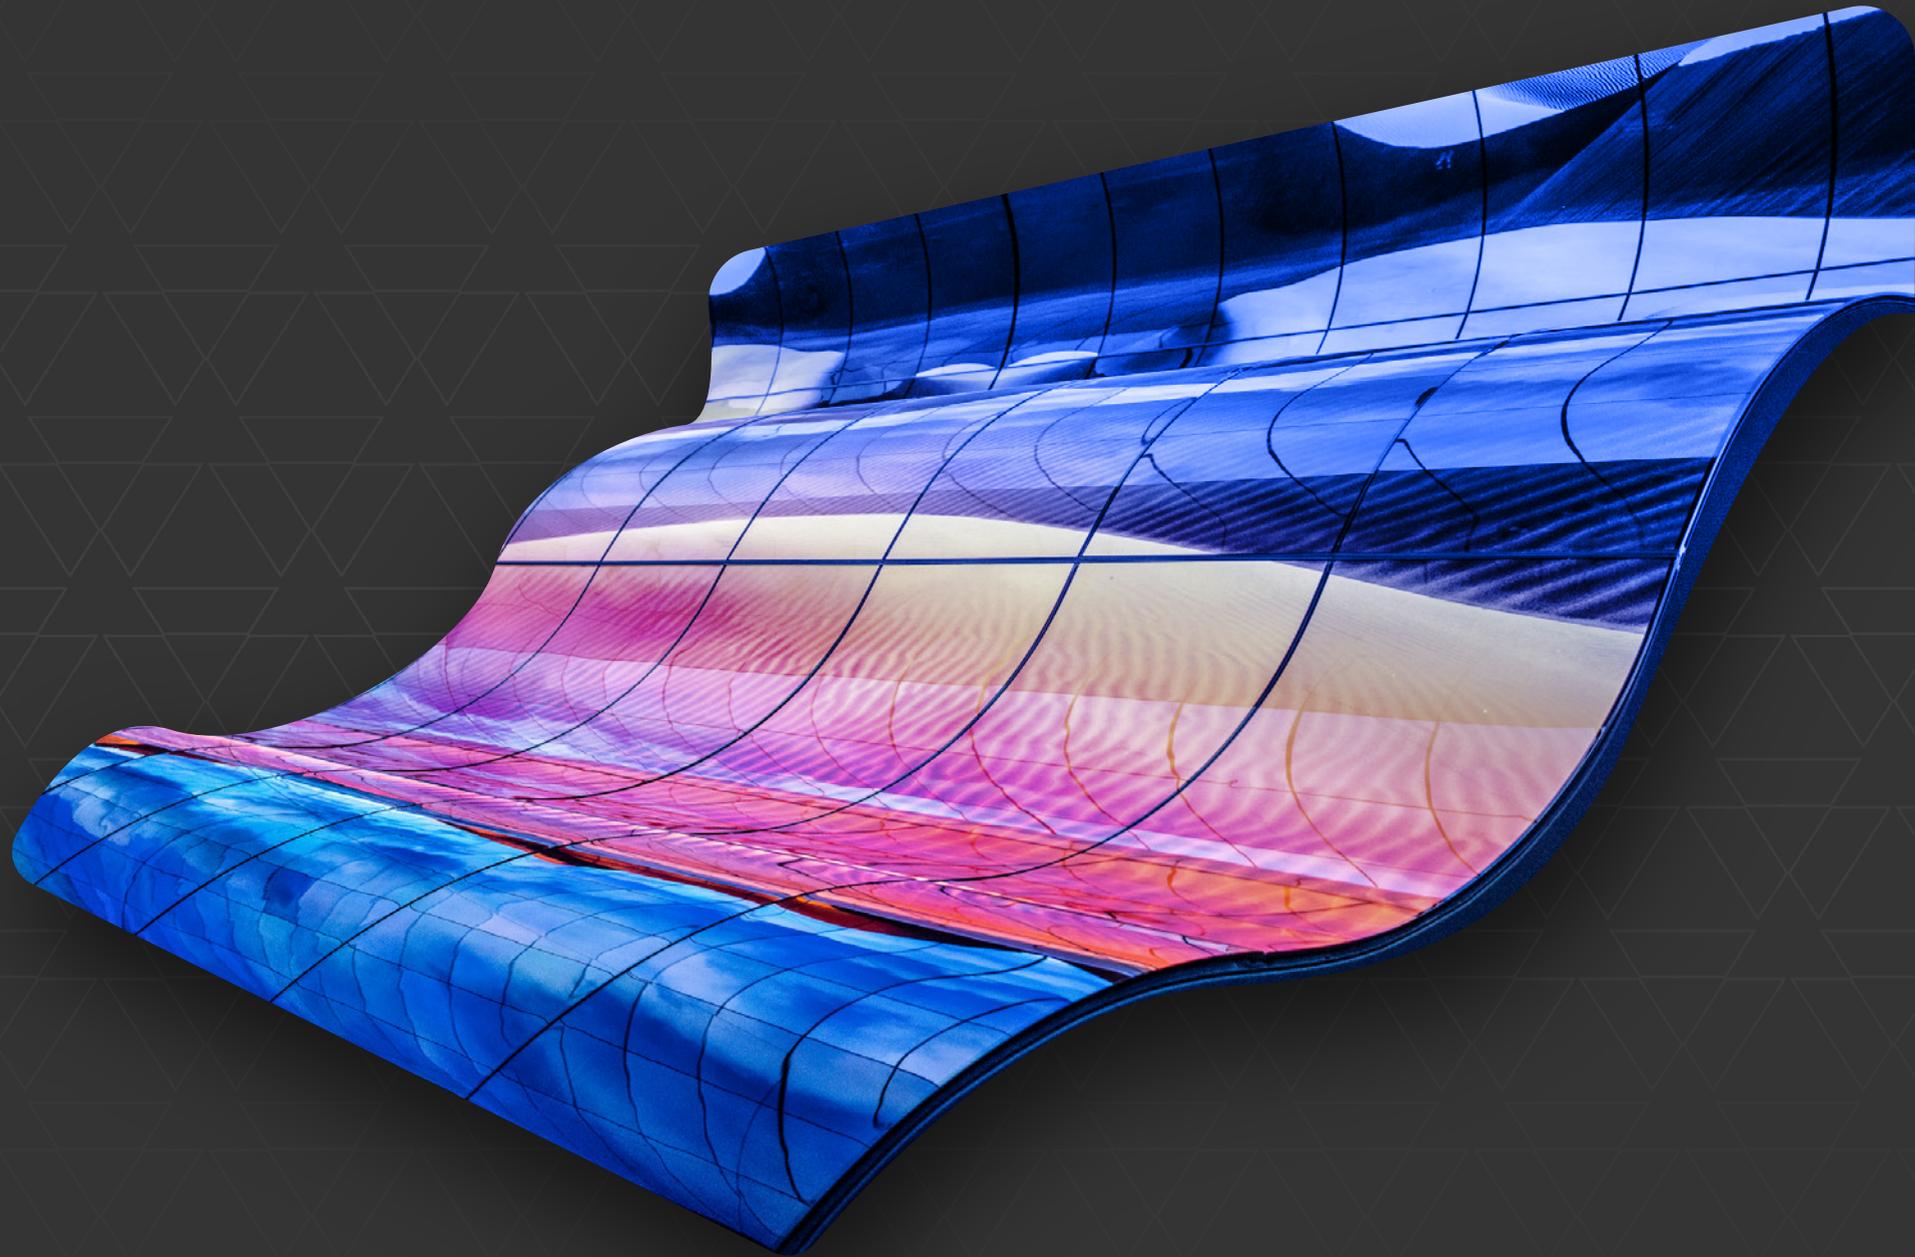

FLEXIBLE LED

Highly adaptable LED displays that can bend and conform to any shape, making them perfect for unique installations. Ideal for creative designs, curved walls, and custom-shaped displays in retail, events, and exhibitions. Durable, high-resolution visuals that fit seamlessly into any environment.

FLEXIBLE LED

PROJECTION MAPPING

An innovative technique that transforms any surface into a dynamic video display. Ideal for events, exhibitions, and brand activations, it brings static objects to life with vibrant, interactive visuals. Perfect for creating immersive environments, enhancing customer engagement, and elevating the visual experience.

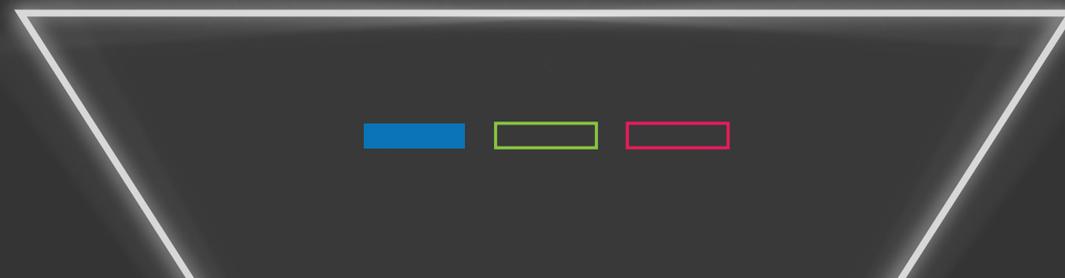

PROJECTION MAPPING

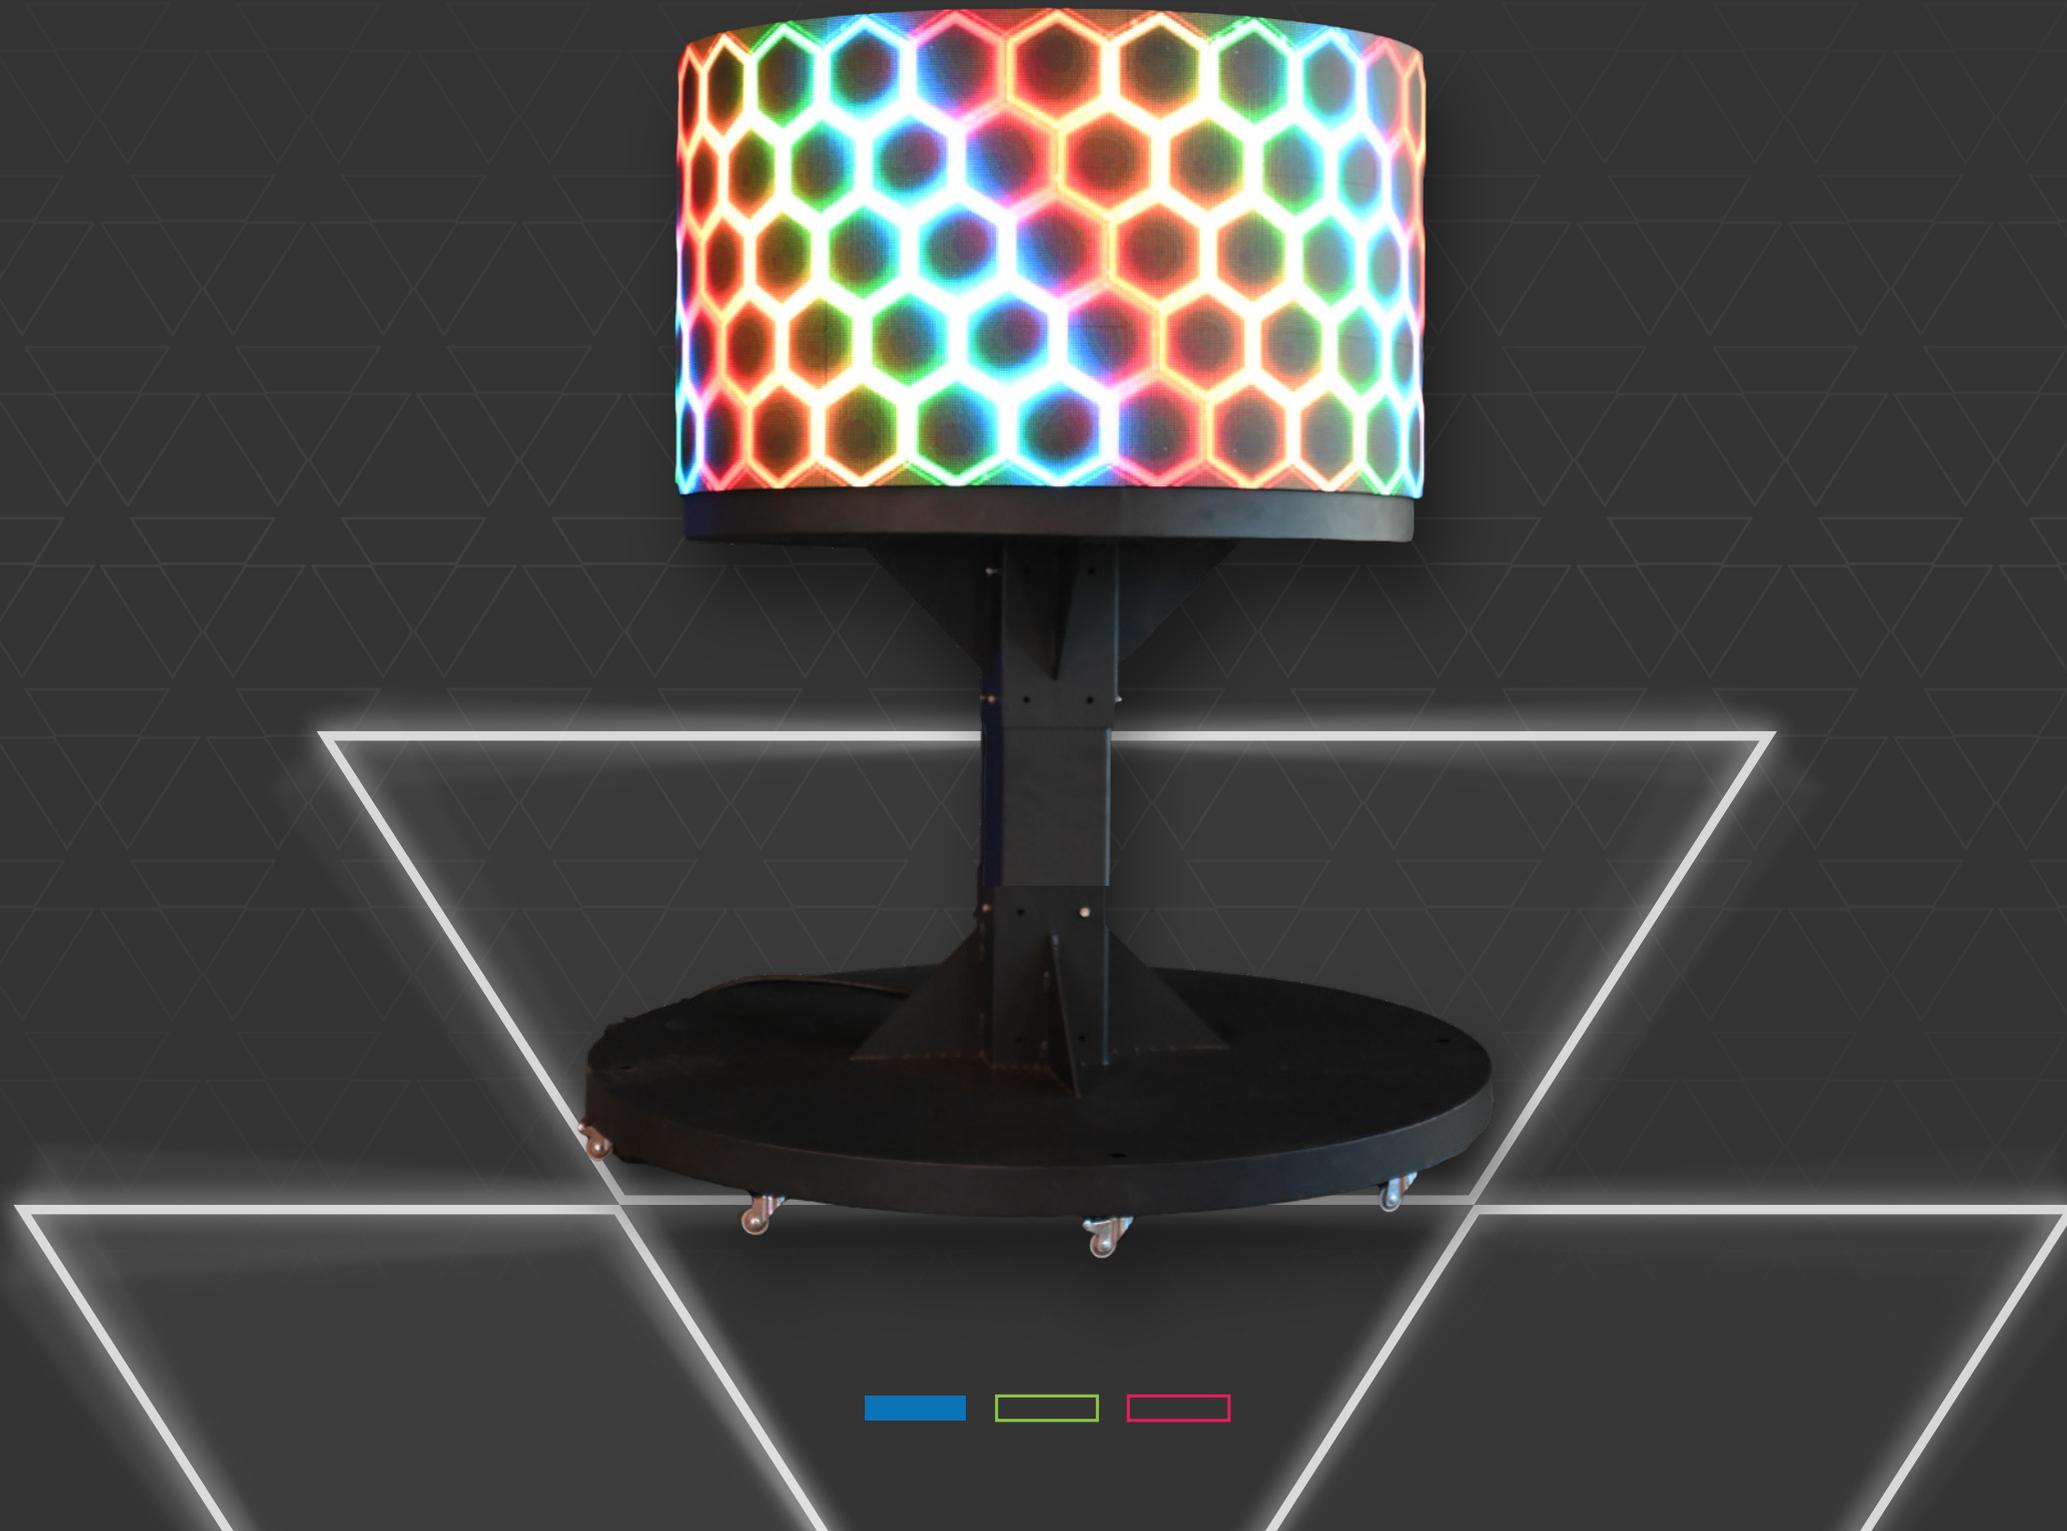

CYLINDER SCREEN

Cylinder display is an interactive LED screen with a full 360-degree viewing angle and made of many small LEDs placed close together to create smooth and engaging, immersive visuals.

CYLINDER SCREEN

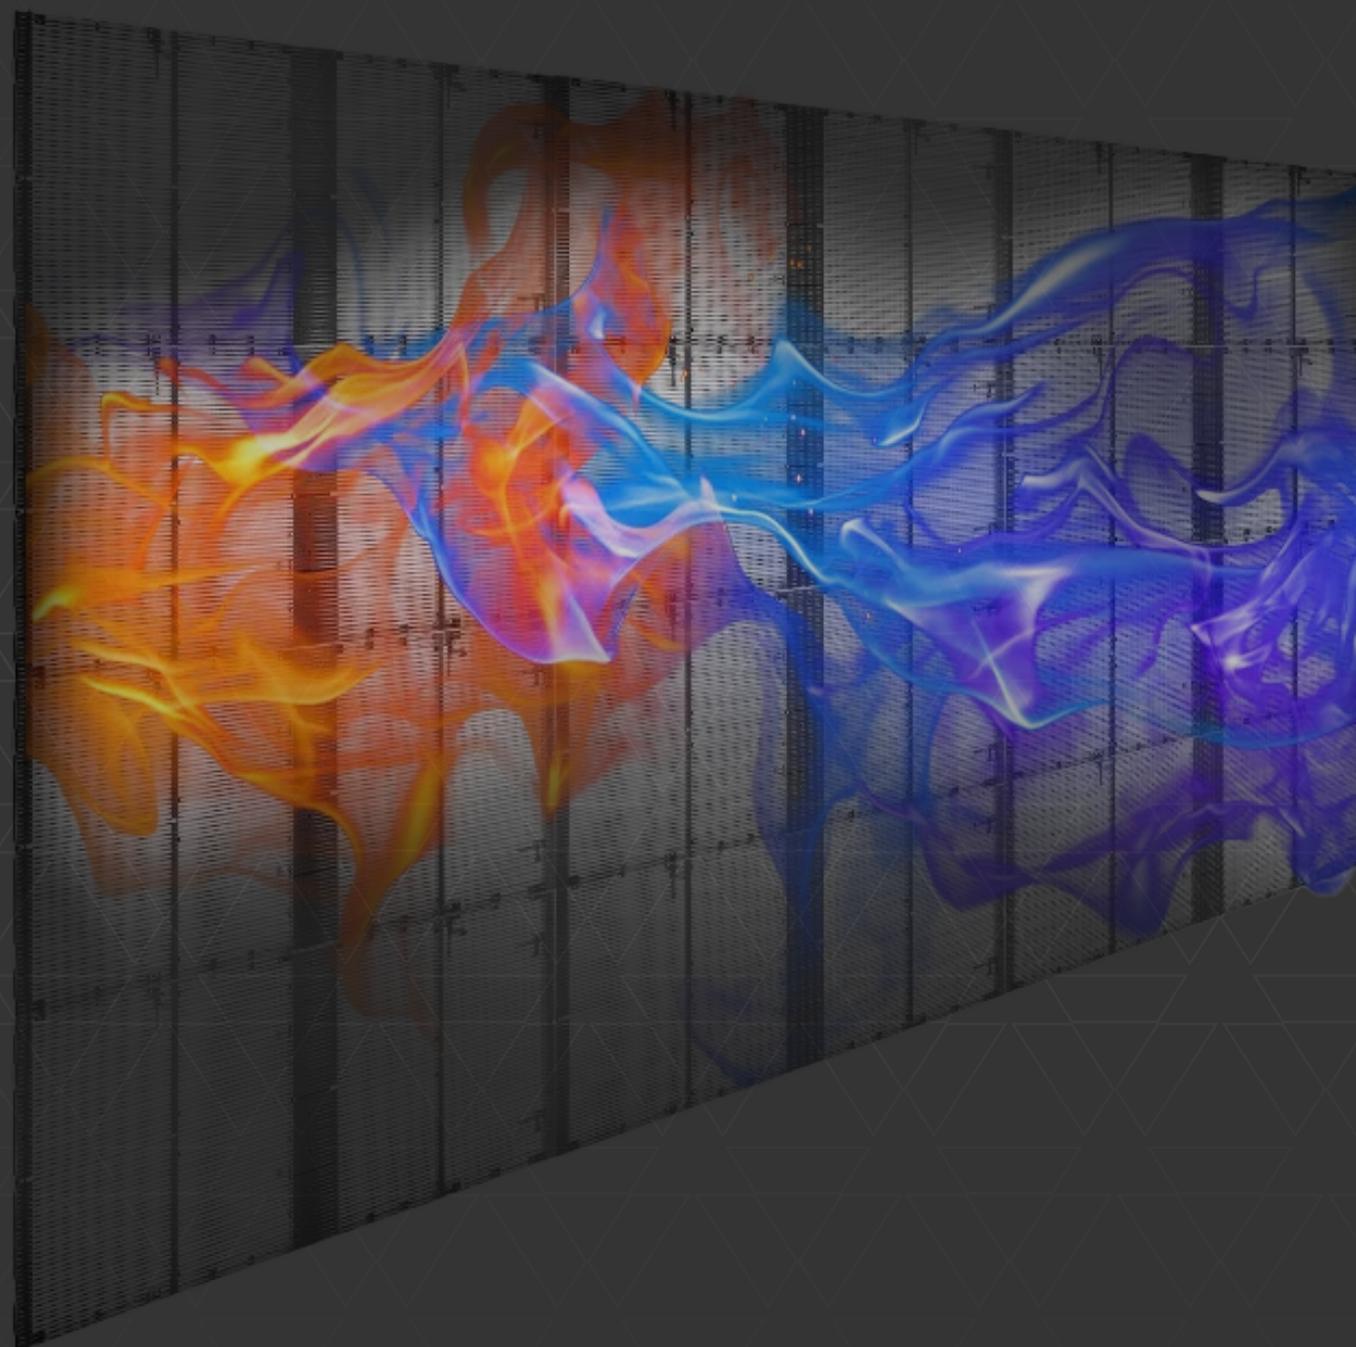

TRANSPARENT SCREEN

A sleek, high-tech display that allows light and visibility while delivering striking digital content. Perfect for retail, exhibitions, and architectural designs, it seamlessly integrates into any space without obstructing the view.

TRANSPARENT SCREEN
